15 Month Newsletter**

Theme:

Zoo

Introduction:

Circle

Language:

To go along with our theme, the finger play "Going to the Zoo" will be introduced.

Going to the Zoo

If you are going to the zoo
Think about who will greet you.
The zoo keeper first, to say "HELLO"
Monkeys wave from the tree tops
While hippos wade in the water below.
Elephants stomp and swing their trunks
The camel too, with one or two humps.
Enjoy your visit
Say good-bye to your new friends.
We're sure you will want to come back again!

If you have any theme related zoo books, feel free to bring them to share with the class.

Concept:

To help us learn our new shape we will add it to our daily review and our concept shelf.

Craft & Writing:

The children will work on papers to reinforce our new shape circle and the theme will be reinforced by working on zoo related art projects.

Motor:

The tumbling mat will make an introduction this week as the children learn how to do a log roll and summer sault.

Have a great week!
Miss Kristina
