MOTOR: Motor this week will include relay races and playground time. Students will also strengthen their legs by jumping over a candlestick, just like Jack.

CRAFT & WRITING: We will learn to print numbers 3 and 4 as well as count and color items that go along with these numbers. Watch for some cute art projects to come home enhancing our Nursery Rhyme theme.

LANGUAGE ARTS: We will act out some of our favorite nursery rhymes, in particular, *Five Little Ducks*. Our rhythm sticks will be used as we sing the song *Hickory, Dickory Dock*.

CONCEPT: This week we will practice estimating distance using our steps! In class, we will also complete activities involving our new numbers 3 and 4. At science time, we will observe whether items sink or float in *Jack and Jill's* bucket of water.
