## Language Arts

Our focus this week is on the letter *Ii* and *Jj*, as well as their phonetic sounds. The children will learn that *Ii* is a vowel and it makes a long and short sound. To help review rhyming words, we will work on papers and play a **Rhyming We Will Go** game. Also, compound words will be introduced.

## Craft and Writing

The children will practice printing the letters *Ii* and *Jj* on phonics paper. What season does your child like best? We will find out as they draw a picture of their favorite season. In art class, the children will create a four seasons window.

## Math

In math class, the children will learn how to make a about patterns and will use different items to make an AAB pattern.
