

Kindergarten Knowledge

Week 6 September 18th-September 22nd, 2017

Theme: Fall

Language Arts:

The boys and girls will practice printing the letters Kk and Ll as well as working on the phonetic sounds by completing pages from our phonics workbook. Rhyming and color words will be included in our paperwork this week.

Math:

In Math this week, we will learn that objects have different weights. To learn this concept, words such as scale, heavier, lighter, balance and weight will be used. Counting to 50 has been a daily activity and we are ready to move on to 100!

Craft:

The boys and girls have been working hard at learning color words. Coloring Fall leaves will help us reinforce some of the color words.
