July 24th-28th

Ms. Ashley

Language Arts

Blast off!

Ten, nine, eight, seven, six, five, four, three, two, one, blast off! In my rocket ship I'll fly, up so high into the sky. Touch a star or maybe two, even land upon the moon. And when I'm through, I'll turn around. Instead of up, I'll then go down.

A Peek at Our Week
Monday July 24th - Movie day

Tuesday July 25th - Cook's in the kitchen

Thursday July 27th -

Sprinkler day

Friday July 28th -

Sprinkler day

Craft and writing

Create your own planet! The children will make and describe characteristics of their planet!

Motor

Musical Planets! We will take a break from the heat and put a new spin on the old game musical chairs!

Concept

Which planet is the biggest?
Which planets have rings?
Do any planets have people?
Which planets have mountains or water? The children will love learning fun facts about space!
