Language Arts:

This week and next week we will be talking about pets. *Please send in a picture of your child's pet. If they do not have a pet, they may bring in a picture of a pet they would like to have.* We will introduce Ee and Ff along with their phonetic sounds. Our first story, *Taffy Apple*, will be reviewed. Story two, will be introduced.

Motor:

This week the children will move like their favorite pets on the playground.

We will also enjoy the game "Doggie, Doggie Where is Your Bone?"

Concept

In Concept this week we will play a game called "Can You Tell Me" which is a game where the children have to guess which item is missing. We will talk about pets and graph our favorite pet. Then the children will be introduced to a pet seriation activity that will be added to our job shelves. During the week the children will do various estimation and count-

ing activities, in addition to sensory bins.
