Two's News
September 25-29 - Week 7
Topic: Fall

*****Closed on Columbus day October 9th for all staff training*****

Language Arts: What a fun week we have in store! We will fill the week with all of our favorite songs, fingerplays and flannel board stories. Songs we will be singing include "Five Furry Squirrels and Trees". We will also include one of our most beloved fingerplays, "Five Little Monkeys". "Brown Bear" comes to life as he assists the children in his tale. The highlight of the week will occur when Ms. Kim introduces the songboard. We will enjoy pinning the leaves on the seasons tree.

Concept: Mrs. Jackie has had the children counting from 1-10 every morning! She is excited to introduce numbers one and two this week! She will add many counting games to our shelf jobs as well as introduce number buckets. Everyone is sure to love our new one to one correspondence game that has the children feeding acorns to pretend squirrels. One to one correspondence is a very important math skill that will help the children better understand what numbers represent. The children love exploring our science table - it's filled with Fall items and pictures! It's not too late to donate a pumpkin or gourd!

Craft and Writing: Mrs. Nicole will have the Nursery children very busy reviewing our colors. They love the opportunity to color and paint. Fall pictures will be going home all week long. Making a scarecrow, marble painting a leaf and using real apples to make an apple tree are a few of our projects this week.

Motor: The children will enjoy a new body parts review game as we place a leaf on our elbow, knee, shoulder, etc.

***Please bring in a package of wipes.**
