Language Arts: Testing our memory will be a major focus this week, as we play *What's Missing?*. With the use of many different vehicles, we will talk about how to be safe in our cars and why it is important to stay seated in your car seat while in a car.

Concept: We will be reviewing *Come and Go* this week, along with the review of the shape *octagon*. We will be sorting cars by size.

Craft & Writing: During our second week of transportation, we will make a traffic light and garbage truck. We will also water color an airplane and color a train. A boat collage will also be created this week.

Motor: We will be doing an obstacle course using our riding toys and riding in the rocking boat. The *ball* and *wand* will be used this week.

Theme: Transportation

Our theme, **Transportation**, continues this week with more discussions about the different ways we get around our neighborhood, state, country, and world.

Have a great week!

Career Month: Do you have a special talent or career you'd like to share with the children? What do you do? Where do you go when your child is at school? Over the next several weeks, some of the children will be learning about "Careers."

If you have a special talent or a career you think the children might be interested in hearing about, please contact our office. We will set up a time for you to come in to speak to the children.
