Dinosaurs

Vocabulary: Weary - very physically or mentally tired

Waver - to move in an unsteady way; to show doubt

Fable: Jupiter and the Tortoise

Moral: Think before you speak.

Word Wall: said, second, your, she, zero

Attention

Parent-Teacher Conferences are Monday, February 19th. There will be no Kindergarten classes on this day (9:00-12:00). We are open for daycare only. Classes resume on Tuesday.

Language Arts:

I will be discussing dental health with the children. Simple facts such as when and how many times a day to brush and the purpose of flossing and regular check ups will be reviewed.

A little celebration on Friday features our furry friend the groundhog. Will we be looking forward to spring arriving soon, or six more weeks of winter?

We continue to work on blends and digraphs to help us with our reading skills. We have a fun BINGO game to help us reinforce these sounds.

Concept:

Now that we have introduced the penny and nickel, it's time to add in the dime. We will work on the cost of different items. In addition to money we will review some of our shapes. (How many sides and faces each 2 and 3 dimensional shape has.) We continue to focus on addition, subtraction and time on the hour and half hour.

Science:

This week in science we will see what happens when we microwave a bar of Ivory soap! We will also try making elephant toothpaste.

Social Studies:

Ms. Mistina has been teaching the children about our 50 states. This week she will teach the children about New Jersey and New Mexico.
