Week of 1/22/18  
**Introduce:** pink and white

**Theme - Careers**

**Concept:** What do you want to be when you grow up? This week we will be talking about careers. We will match pictures of workers with the tools they use and make sure that the doctor gets his medical bag, the carpenter gets the hammer and the teacher gets the school books! We will also add pink and white to our daily review.

**Art:** In art this week we will be painting with pink and white; our new colors and coloring pictures of the jobs we love most! Some of our favorites are zoo keepers, police officers, firemen and construction workers.

**Language Arts:** This week we will talk about different careers. We will learn new finger plays and flannel board stories such as "Fireman" and "Community Helpers in our Town." We will also read a book about careers called Clothesline Clues to Jobs People Do.

**Motor:** This week in motor we are going to be busy! We will be riding bikes and using some of our favorite exercise equipment. We will also be brushing up on some of our favorite sports during ball play! We will also practice our aim in block bowling by knocking down the colors pink and white.
