Language Arts:

These next two weeks we will be talking about our community and those who work, live and play in it. The children will have the opportunity to tell the class what they would like to be when they grow up. The children will enjoy using their instruments and showing off their musical talents. We are working on recognizing words that rhyme and the spelling of the color words. Please, feel free to reinforce these concepts at home.

Motor:

Baking sheets, fire hel-

mets, ponies, golf balls and clubs are just a few of the community helper items added to our indoor obstacle course. We will continue to work on balance with yoga and the balance beam. Hand eye coordination will also be reviewed with baseball, bouncing balls, and shooting a hole in one!

Concept

Donuts, stuffed dogs, tooth brushes, and envelopes are just some of the community helper items that will be added to the tactile bag. Students

will also compare and contrast community helpers as well as graph their favorite careers. Lastly, our Valentine's will help us to practice number recognition, concept, and color shading!

Craft and Writing:

We have been doing such a great job with printing our names, that several of our friends can even write their whole name! We have some cute Valentine's Day projects that we will be working on the days of the parties. We will start focusing on position words such as: besides, across and under. Our cutting skills will be put to the test these next two weeks.
