Pre-K Newsletter
March 19 - 23, 2018**

Theme:
Ocean Animals

Introductions:
Simple Addition

Language:

Our daily review will continue to be letters Aa-Zz, their phonetic sounds and rhyming words. For our ocean animals theme, the children may bring books, toys, pictures, etc. The children can bring a different item each day; this will be used for show-n-tell. We will be having new ocean flannel board stories and finger plays to reinforce our theme of the ocean.

Craft and Writing:

This week the children will be working on printing their letters Aa-Zz and numbers 1-20. They will also be working on their color words, shapes and printing their names. To reinforce our theme of ocean animals we will be working on a connect the dots paper and a few ocean animals art projects will be done.

Concept:

This week we will begin to work on simple addition. We will also work on estimation activities using a stuffed bunny and a basket with many different color plastic eggs. The children will also work on jobs that will reinforce the numbers 1-20 and letters Aa-Zz. We will also play what's missing, what does not belong and work on greater than and less than.

Motor:

In Motor we will be using the balance board and we'll have an obstacle course including the tunnel, balance beam and the hula hoops. The children will also be playing a following directions game where we will be hopping like a bunny and we will have fun playing bunny bowling.

Four Little Fishes

Four little fishes swimming out to sea,
One met a shark!
And then there were three.

Three little fishes wondering what to do,
One hid in a great big shell...
And then there were two.

Two little fishes looking for some fun,
One chased after a wave...
And that left one.

One little fish with all his friends gone,
Went back home to find his mum...
And that left none!
