Concept: Welcome Spring!! To bring in the new season we will be doing a lot of fun activities. We'll look at spring items in our science bin. This week we will be playing a seriation game with raindrops and leaves and one to one correspondence with umbrellas to people and birds to nests. We will also count Easter eggs in a basket.

Motor: In motor this week we will be spending some more time outside. We will get our bodies moving when we jump through hula hoops and the stair steps. We'll have lots of fun playing Easter games on our party days.

Language Arts: Spring is here, hooray! Everyone get your umbrellas ready for a shower of language arts! We will look in our picture file for spring activities. We will read Little Duck and Llama Llama Easter Egg. Of course, we can't forget the new finger play we will learn called "Five Special Umbrellas." Get ready everyone! We are going to "spring" into a new season of fun!

Art: Who is happy it is spring? We are going to have fun with spring art projects. Of course we will be doing flowers and raindrops, but there is so much more to choose from. How about bugs? What about butterflies? Do worms come out during the spring too? We will also be dyeing eggs on our party days.
