## Language Arts:

This week will be spent talking about the many different types of birds in the world. To go with our theme we will be reading books that talk about birds, and enjoy some finger plays. The children will have a new story and story words, that we will be going over. Our Spring play is soon approaching, so the children will be practicing their songs.

## Motor:

As we enjoy our nice Spring weather on the play ground the children will be on the look out for types of birds all around us. We will also enjoy our outside equipment such as: hula hoops, balls, and T-Ball!

## Concept

Two little birds sitting on a hill, one named loud and one named soft...Our birds will help us practice some of our opposites, and positional words. We will also learn fun facts about unique types of birds!

## Craft and Writing:

We are continuing to work on printing our first and last names. We will also continue to review all the concepts that have been introduced so far. Please continue to look for review papers in your child's file. We will be making a fun bird project to go with our theme. The children will also be busy working on Mother's and Father's day gifts!

- Introductions:
- Story #9- Weeping Willow
- Fable: The Grasshopper and the Ants
- Bits of intelligence: Birds
- Review: All that has been introduced so far
- **Star students: June D & Ellyse R.**
