

Kindergarten

Look Around What Do You See?

July 9th-13th & July 16th-20th

Ms. Salima

Language Arts

Grab your binoculars and your magnifying glass as we look around nature and discuss insects and other things that we see outside. We will also have fun completing a classroom scavenger hunt!

Craft and writing

The children will enjoy creating a few crafts of some things that we found outside.

Concept

Our class will be busy working on many different concept activities. We will also be graphing some of our favorite things that we seen outside.
