

Pre-K

Listen Quietly, What Do You Hear?
July 23rd -27th & July 30th- August 3rd

Mrs. Erika

Language Arts

These next two week are going to be so much fun! We will listen to some different types of music to see if we can determine what type of instrument was used to make the song.

Craft and writing

During these two weeks the children will have fun making different instruments! We will also enjoy some other summer crafts using some different art materials.

Concept

The children will discover the difference between loud and soft sounds by using instruments and other objects. We will also look at different pictures of instruments and then listen to what it sounds like.
