THEME: Stories in my Treehouse

Featured story: *Maple*, by Lori Nicols

From the littlest acorn to the tallest oak, trees provide us with such a world to explore! The shade from their leaves, the paper from their trunks, the wood for our homes and the roots that dig down deep...trees offer us a look at all the ways nature helps and holds us. We will climb some interesting branches of thought this week, and explore different kinds of trees, the produce they bear, and all else they provide to us. In doing so, we will strengthen our own roots and reach for the sun, just like our favorite trees.

Karen Ritter, from Karen's Nature Tales will be here on Tuesday, August 7 with stories and hands on activities involving the nature that surrounds us. The Artistic Painters were unable to come last week, and have been rescheduled for this Thursday, August 9. This is our last week of Summer Camp 2018. We hope to see everyone at Get Acquainted Night on Wednesday, August 15, from 6-7pm.
