Language Arts:

In these next two weeks we will discuss our new season, "Fall," and all the changes it brings. The children will enjoy many different stories about fall and we will discuss what happens during fall. What are some things that you see happening to the trees will be one question that will be asked. If the children would like to bring in any fall items to show the class please put them in a bag and label them with your child's name.

Motor:

Leaves are everywhere! In these next two weeks we are going to enjoy a leaf dance, musical leaves, and the parachute with leaves. We will be practicing throwing and catching a ball and have a relay race.

Concept

Fall is in the air and it's the perfect time to talk about fall and the changing weather. Graphing leaves and counting nuts for the squirrels

will help us with our counting skills. Measuring distance to a pumpkin will be great estimating practice. Tasting different kinds of apples and graphing our favorite will finish off the week.

Craft and Writing:

In these two weeks the children will have fun making many different fall crafts. They will be working on their printing skills. To reinforce our cutting skills we will work on cutting different shapes. Our readiness papers will help us learn to write our new letters Gg & Hh and our new numbers.

- Introductions:

Manners: 5-Talk with an empty mouth

6-eat with your spoon and fork.

Bits of Intelligence: Dinosaurs
