JUNIORS NEWS

December 3 - 7, 2018

Theme: Winter

Introduction: We will be talking about winter throughout the week.

Vocabulary: peculiar – To act in a strange way

Bits: Musical Instruments

Manners: “Do not interrupt”

Proverb: Do unto others as you would have them do to you.

Show and Tell:

Friday, December 7th

Items associated with winter.

Student of the Week:

Caleb Gochenour

Mascot:

Jude Haustein

Happy Birthday:

Shayne Stille – December 2nd

LANGUAGE ARTS: Flannel board stories, finger plays, echo activities and puppet plays will enhance our *winter* theme discussions. Please bring in winter stories and pictures from a magazine for our *Think-Link* activity. We will also be using our winter pictures each day to broaden our discussions about our new season.

CRAFT AND WRITING: This week we will be working on winter themed tracing and connect-the-dot papers. We will also create several art projects to reinforce our winter theme. Fine motor is developed as the children practice their cutting skills with scissors.

CONCEPT: The children will continue to work on their number concepts by rote counting and concept counting. In Science, the children will be playing with snow in the water table. For our Science area this season, we will be making a binder with all different winter scenes. Please bring in at least one picture of something associated with winter to add to our binder. This binder will help us talk about the many changes we will see with our new season coming up.

MOTOR: The ball and wand will be used this week to help develop our eye/hand coordination. The children will also have fun inside doing relay races with snowballs.

POEM OF THE WEEK

“I’m A Little Snowflake”

I’m a little snowflake cold and wet

But this is happy as I can get!

Its winter, time to dance around

When I tire, I’ll just rest on the ground.

Christmas Program

Thursday, December 13th

**Time: 6:00p.m. Please have your child there at
5:45p.m.**

Have a great week!

Mrs. Mary Ann & Mrs. Summer
