Write them down and send it to school to share with the class.

**Craft and Writing:**  
This week we will be working on tracing and matching papers to help us introduce our new numbers 7 and 8. We will also work on special Thanksgiving art projects this week too, so be on the look out.

**Concept:**  
This week the numbers 7 and 8 will be added to our shelves. The children will also continue to work on their numbers that have been introduced already and their counting skills. They are doing a great job with this. The children are also going to be learning how to set the table this week.

**Motor:**

The children will be working with the balance beam and the tunnel this week and an obstacle course will wrap up our week. We will be going outside each day, weather permitting, so please make sure that your child is dressed properly for outside play.
