## Concept:

Our calendar activities include the introduction of a brand new year. Now that winter is officially here, we will be having daily discussions about all the changes in our weather. We will be observing how snow melts. Animals that hibernate through the winter will also be discussed.

## Language Arts:

Our new letters S and T, will be added to our phonics board. Learning new words that start with these letters will add to our weekly fun as we read "Little s" and "Little t." The vocabulary words *hibernate* and *winter* will be reinforced through many books and flannel board stories, such as "Time for Sleeping."

## Craft and Writing:

The letters S and T will be reinforced through our phonics papers and tracing papers this week. We will be making snowflakes and other winter related projects.

## Motor:

Eye/hand coordination is our focus this week. Let's play some winter games and have some races indoors across the classroom. Also, we will learn how to sign our first names in sign language.
