Happy New Year and Welcome Back! Now that the excitement of the holidays have passed we are ready to settle back into our regular routines. In the month of January each child will be re-evaluated and the results will be compared to those completed in September. This will help us determine how your child is progressing academically and socially, as well as help us to plan the appropriate curriculum for the following months. Your child's progress will be discussed at parent-teacher conferences in February. Specific information concerning dates and times will be sent home by your child's teachers.

Medicals are required by the state to be renewed every two years. If you are not sure when your child's medical expires just ask in the office. We do try to send reminders; if you are taking your child for a check-up stop by the office for a new medical form. Also, any time vaccines are given ask the doctor's office to write down the information for files. We need record of every vaccination given. Vaccinations are required for Kindergarten also; when going for your 5 year old visit ask for a new medical form. Thank you!

When your child is picked up by someone other than parents please do not give out the code to the front door. This way they can be ID'd in the office and be brought to the room. If someone will be picking up on a consistent basis they most certainly can have the code. Remind anyone new picking up your child they will be ID'd.
