Jan.28- Feb. 1

Week 24

## Topic: Transportation

### Concept

This week Ms. Sara will be introducing more types of transportation. The children will also have a blast playing Ms. Sara's transportation magnet game. The children will have lots of fun making tracks in the sand table with dump trucks and tractors.

### Craft and Writing

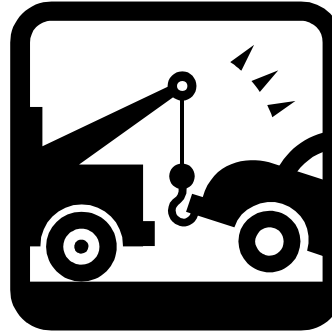

Get ready to see some cars and buses come home. Mosaic work and sponge painting are just two of the fine motor activities planned.

### Language Arts

Mrs. Christine has an exciting week planned. She will continue to discuss transportation with the children. She will also discuss traffic safety and the importance of wearing a seatbelt. A new finger play "Five Speedy Race Cars" will be enjoyed. A new listening activity is on the agenda for this week.

### Motor

Ms. Sara has a transportation game planned for extra large motor fun. The children will pretend to be trucks that transport bean bags to their destination on top of blocks. Mrs. Christine will use the balance beam. Mrs. Nicole will bring out the rocking boat and take the children on a "boat ride".

### Bits of Intelligence:

#### Mammals

### Special points of interest:

- *February 15— Registration is now open to the public. Have you secured your spot for next year or this summer?*
- *February 18th & 19th Parent Teacher Conferences. No half day classes (9-12) on these days.*
- *Valentine's day parties will be on Wed. Feb. 13th and Thurs. Feb. 14th. If you would like to send valentines (10 per student) please label all envelopes with "classmate" or "friend".*
- *Don't forget to make two "secret" valentines for the mailbox in the foyer. On our party days each homeroom will select a valentine from the box and reveal their secret*

### What's New in the Two Year Old Room

Introductions: Come and Go

Manners: Do not interrupt.
