Kindergarten Open House/ Observation

Bobbie Noonan's Child Care is proud of their unique and specialized Kindergarten curriculum. Our small class size enables us to provide every child with an opportunity to develop self-confidence and leadership before their entry into first grade.

Please join us for an overview of the Kindergarten school year, and see this year's current Kindergarten class in action! Mrs. Logsdon will be discussing and answering any questions you may have about the Bobbie Noonan's Kindergarten Program.
