Theme: Transportation  
Weeks of 1/28 & 2/4  
Introduce: come and go

**Concept:** Planes, trains, and automobiles will be the topic for the next two weeks in concept class. We'll sort through transportation vehicles and decide if they belong in the air, sea, or an land. In the water table we'll play with boats, and play a seriation game with cars. Our new action words come and go will be introduced.

**Language Arts:** In Language we will listen to and sing songs about transportation. What better way to start off our week than by singing one of our favorite songs, "The Wheels on the Bus," and learning a new song, "When I Get Into the Car." We'll also read a story called *Goodnight, Goodnight Construction Site*. We will learn a new flannel board story, "Where Does This Go?," and a finger play, "I'm A Little Airplane."

When I Get Into the Car  
I buckle my seat belt, safety first!  
So jump in, buckle up,  
And come along for the ride

**Art:** We will be coloring, painting and mosaicing some of our favorite types of transportation which will include trucks, trains and bicycles. We'll have lots of fun dragging our cars through shaving cream and seeing the tracks they leave behind.

**Motor:** We will use bean bags to throw on different colored circles and will be doing actions to our new words come and go. Stoplight bean bag toss will help reinforce our theme. The stairsteps will be used as a boat and we'll sing "Row Row Row Your Boat." We'll finish the week with an obstacle course which will include the balance beam and the tunnel.

*Registration for summer and fall is now open. Paperwork must be received by February 1 to take advantage of 50% off fall registration. The summer activity fee is \$30.00. Don't miss out!*
