Careers

Week 23

REMINDER

Parent Teacher Conferences

February 18th & 19th

No Pre-school classes

Language Arts

What do you want to be when you're older? A fireman, policeman, teacher, doctor? The children will be learning about careers this week. The children will have an opportunity to dress up and role play different community helpers. The children will learn many fun "career" finger plays. One favorite is "The Barber". The children will also get to see what tools are used in what occupations.

Concept

Ms. Sara will have a room full of construction workers as she has the children build with blocks and work in the sand. As Ms. Sara discusses different careers she will ask the children to match real objects to corresponding pictures. She also has a few shelf jobs that allow the children to practice being a doctor, teacher and much more.

Craft and Writing

Make room on the refrigerator! Many crafts and papers will come home featuring many different careers that the children will be learning about. The children will both dot paint and watercolor. Our fingers will also get a workout with fringe cutting and pencil work.

Motor

Mrs. Christine will combine music with motor and create a marching band. Ms. Sara will have the children play "Simon Says" to continue learning body parts such as shoulders, knees and elbows. Mrs. Nicole will have the children wiggle to the rhythm as they dance to the music.

Happy Birthday to Harper Hecker on 1/22

If you would like to come in and share your career with the students, please contact one of the Two's teachers.
