

Kindergarten Knowledge

Weeks 29 & 30: March 4-8 & March 11-15, 2019

Theme: Plants and Seeds

Language Arts:

As we wrap up the second round of the alphabet we will work on printing skills for letters Y and Z.

Students will continue to practice their printing and writing. Reading comprehension and blends worksheets will be worked on over the next two weeks as well. Students are doing great with their Guided Reading books, please

check their folder for new stories and return them the following day. We will talk about plant words and make a plant book.

Math:

Students will continue working on addition, subtraction, telling time by the quarter hour, and fractions.

Science:

We will be discussing the parts of a plant over the next two weeks. We will plant a seed and watch it grow and hopefully bloom

in time for students to take home on "Parent's Night".

Art:

Students will continue working on projects that will be displayed next month at our Annual Curriculum Night.
