JUNIOR JOURNAL

March 11, 2019

Theme: Ocean

### LANGUAGE ARTS:

With the help of our picture file and things on our theme table, we will discuss the life of animals, fish, and plant life in our oceans. Rhythm sticks and musical instruments will enhance our listening skills.

### CONCEPT:

This week we're learning all about oceans.

Let's have fun at the water table by adding fish, shells, and boats. We will use ocean animals for various counting activities. We will also conduct an experiment with salt water.

### CRAFT & WRITING:

Many different sea creatures will be created this week, including a whale out of a paper plate and a jelly fish puppet. Visual dexterity will be enhanced as we draw a line to the matching sea shells.

### MOTOR:

Walking like crabs and swimming like other ocean animals will enhance our ocean theme. Outside play will take place, weather permitting.

The children will enjoy learning about aquatic life and the oceans that surround our continent. With the weather finally getting warmer, we will be going outside on a daily basis. It tends to be chilly in the morning, so please dress your child appropriately.

Have a great week!
