## Theme: Pets

**Language Arts:** The Picture File is full of animals which many of us would like to have as a pet. What types of things do we need to properly take care of a pet? Our Theme Table will provide the answer: *food bowl, pet toys, leashes, grooming supplies.*

**Concept:** In concept class, we will carve a pumpkin to find out what is inside. The students will learn more about root systems in an experiment with celery and colored water. Our new shelf jobs will involve counting and matching animals for *Pets week.*

**Craft & Writing:** We will keep busy learning to print our new letters Gg and Hh, and make handprint crafts for our 2 new letters as well.

**Motor:** Students will participate in crawling relay races and jumping activities this week.
