

Junior Journal

Theme: Pets

Language Arts: Our discussions will focus on fish, toads, turtles, hamsters, rabbits, and horses. We will also learn about working animals and what a veterinarian is.

Concept: This week, we will be learning about the concept of weight, and we will practice identifying "light" and "heavy" objects. Students will play some counting games and will explore how Veterinarians keep our animals friends healthy.

Craft & Writing: To enhance our "Pet" theme we will create a puppy on a stick. Our cutting skills will be put to the test as we cut zig zag lines.

Motor: We will practice walk overs on the balance beam, and have puppy and leap frog races on the tumbling mat.
