Theme: Special Friends

Week of 10/12

Introduce: run and jump, 1, 2

***School Closed October 12 for Teacher Inservice
We would like to welcome back Miss Bryana!***

Language: Our picture file will be filled with pictures of Barney, Baby Bop, Sesame Street friends, and Winnie the Pooh! The class will learn a fun finger play called, "Five Special Friends Sitting in a Tree," and a flannel board story called "I Have a Friend." We'll introduce the numbers 1 and 2, and the action words run and jump. The theme box will be filled with special friends too.

Motor: In motor we will play a body parts game. The class will also use the balance beam and learn how to roll on the tumbling mat. We'll use our motor skills to kick a ball at a target. We'll love to learn the action words run and jump, especially when we do the actions when we see these words. The children will continue to go outside and run around as much as possible. Please make sure to put your child's name on everything, especially coats and sweaters. Thank you!

Concept: The children will continue talking about the weather and calendar in class. We'll be introducing 1 and 2, and the action words run and jump. We will play a game dealing with long vs. short. We'll also be making different patterns using legos. I'm sure some of our special friends will make an appearance to help us review.

Art: We will celebrate our "Special Friends" by making pictures of all our favorite characters. We are getting so good at using art materials! In addition to all the fun we will sponge paint numbers 1 and 2, and color the words run and jump.
