Language Arts: Our unit on safety expands this week to include a discussion about fire fighters and fire safety. The boys and girls will learn about the important role that fire fighters play in our community and what it is like to be a fire fighter. Everyone will get the chance to dress up as a fire fighter and sing the “I’m A Little Fire Fighter” song! We will also practice *stop, drop, and roll* and *stay low and go*.

I’m a little fire fighter on the go,
Here is my helmet, here is my hose.
When there is a fire hear me shout –
“Squirt the water and put the fire out!”
SWOOSH!

Concept: This week we will continue to work on our Yes & No graphing. The children will be in for a real treat when something spooky pops up in our estimation jar! We will be playing fun games with our new numbers 9 and 10 as well as oval and rhombus.

Craft & Writing: This week Mrs. Tiffany will introduce the numbers 9 and 10. The children will practice writing these numbers as well as matching the numbers to different objects. We also have a fire engine craft this week using shapes we have learned thus far..
