

JUNIOR JOURNAL

OCTOBER 26 30 WEEK 11

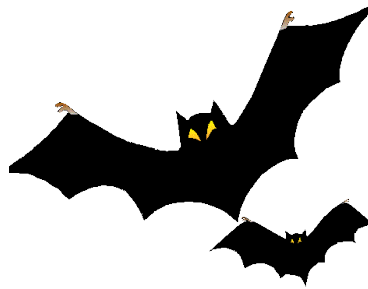

TOPIC HALLOWEEN FUN

INTRODUCE ORANGE AND BLACK

WHAT'S NEW

Halloween Parties—Oct. 29 & 30

Wear your costumes! Full day students please send in a change of clothes for party days.

CONCEPT

The best science activity will take place this week. The teachers will cut open a pumpkin and the children will get to feel the “guts”. This is all in preparation for our fun filled Halloween parties. A bubbling science experiment will add to our fun.

CRAFT AND WRITING

The colors orange and black will be reinforced this week. We will also work on various Halloween crafts. There will be lots of Halloween fun to be had at our party.

LANGUAGE ARTS

This week will be a haunting good time! The Junior teachers have plenty of party fun planned! The children will enjoy a Spooktacular obstacle course as well as many holiday songs and stories.

Happy Birthday

Evan Ocasio - 10/31

Matthey Johnson -10/31

MOTOR

Stepping over a block on the balance beam will prove to be a challenge, especially when the children are carrying a pumpkin! Class time will also include relay races, jumping over paths and a hula-hoop jump. The children will also have ball play time and kick at Halloween targets for review. Outside fun will be enjoyed provided the weather cooperates!
