

Toddler Times

November 2-6

Theme: Nursery Rhymes

Introduction: number 1

One of the children's favorite activities during circle time are flannel board stories and songs. We will use nursery rhymes to encourage our little learners to try to sing along and imitate hand movements with fingerplays. This week your child will enjoy learning classics such as The Itsy, Bitsy Spider, Rain, Rain Go Away, I'm a Little Teapot and many more!

Book of the Week: Barney's Favorite Mother Goose Rhymes

Our hands will be busy as we re-enact the Itsy, Bitsy Spider climbing up the water spout. A play doh station will also build our fine motor muscles as we create spiders using pipe cleaners and eyes. We will work on stacking blocks in the block area to build Humpty Dumpty a safe wall to sit on.

For some fun with math the number 1 will be introduced. We will begin counting one object, clapping one times, jumping once and stomping as well. Try these at home too!
