Week 12 Nov. 2-6 Theme: Special Friends

Introductions: Bb

Vocabulary—Brisk: quick; lively

Craft and Writing

We will have many special “friends” in our room. Some of our favorites Disney friends will be colored and crafted. Play-doh and fringe cutting will strengthen our fine motor coordination. We will also have fun with our new letter Bb. The children will also have tons of fun making their own Frozen Elsa slime.

Language Arts

The teachers will incorporate special friends into class time. Some include...Elmo, Cookie Monster and Mickey Mouse. We have an activity planned that requires the children to use their “listening ears”. We will play musical instruments to some of our favorite Disney tunes. Our special friends will also help us to reinforce our new letter Bb.

Concept

This week we will review big/little as well as long/short with some of our favorite Disney characters. The children will build big and little homes with blocks for our “friends”. The lego table will help the children learn to work together to build towers and sort colors. A game of block bowling will help us review all of our concepts.

Motor

The children will dance and sing to many of their favorite Disney songs. We will also have fun with our new letter Bb. The teachers will use BUBBLES to get the children moving!
