

Toddler Times

November 16-20 Theme: Family Introduce: Square

Book of the Week: Our Class is a Family by: Shannon Olsen

This week we will focus on families and how they can all be different. Many songs will help reinforce the concept of the people in our families. Some of those songs include Finger Families, Families are Different, I Love You and This is the Way. The teachers will provide various pictures of families for the children to see as we introduce picture files. Feel free to send in a family photo for your child to share. Please label the back with the names of those pictured so we can encourage our little toddlers to name their family members.

As we introduce a new shape this week our little learners will begin to sort circles and squares. Squares will be a main focus during art time as we mosaic with squares and build a house using shapes. Duplos will also be used for building this week as we build homes for our toy families. Plenty of dramatic play will take place as we play house and kitchen at school. The children will enjoy playing kitchen, baby dolls and dress up.

School Closed for Thanksgiving holiday - November 26th & 27th
