Craft and Writing

The children will enjoy doing many snow related papers to further their knowledge about Winter. Printing papers will include the new letters Ss and Tt. Watch for a blustery project to arrive home this week.

Motor

We will bring out the hopscotch mat to help get those little legs moving on into the New Year. Our obstacle course will include the balance beam, a walking board, jumping over blocks and tossing balls into baskets. We will also go outside, weather permitting.

Language Arts

Many new Winter songs and fingerplays will be enjoyed this week. We will add new pictures to our phonics board for our new letters Ss and Tt. The new year brings new language games to play during class. We will also begin learning about word families, starting with the -at family.

Concept

The Pre-K students will participate in a variety of group activities this week. We continue to count to 20 daily. We will also have discussions about the Winter season. We will begin using the golden beads to introduce the concept of place value; ones, tens, and hundreds.
