

# Junior Journal

Jan. 25<sup>th</sup>-29<sup>th</sup>

Week 24

Theme:  
Transportation

**Introductions:** New story words Come, go

**Proverb:** Look before you leap.

Save now! Time to register for summer for summer and fall!!!

**Concept:** Brummmmmm....I hear cars and trucks driving all over our transportation mat. A new game will be introduced using the number line. Mrs. Hollie will cover a number and the children will have to guess which one she is covering. On February 2<sup>nd</sup> we will discuss Groundhog Day and do experiments with shadows. Will Spring be around the corner or do we have 6 more weeks of Winter?

**Craft and Writing:** Air, land or sea...where will our transportation craft come from this week? Ms. Melissa will reinforce the colors brown and purple and work on cutting practice.

**Language Arts:** Ready, set, go! This week we will discuss many ways to get around. Many flannel board stories and fingerplays will be enjoyed, some of which include "The Wheels on the Bus", "The Airplane" and "Car Ride". Feel free to bring in any pictures of transportation that you would like to share.

**Motor:** Mrs. Hollie will introduce a new game called Musical Shape Freeze. She will have different shapes lying on the floor and will ask the children to walk around them to the beat of the music. When the music stops the children will tell her what shape they are standing on. They will also have a fun path activity where they can pretend they are a car, bus or train.

## Parent Information

**Valentine Parties will be held on Thurs. and Fri. February 13<sup>th</sup> and 14<sup>th</sup>. If your child attends on these days they are welcome to send valentine cards (10 per child). We ask that you address each valentine to "friend". Thank you.**

**Parent Teacher Phone Conferences**

**Monday, February 15<sup>th</sup> - No Pre-school classes on this day.**
