

# Junior Journal

**Weeks 23 & 24: January 25th-29th & February 1st-5th, 2021**  
**Theme: Community & Careers**

### Language Arts:

All around us you will find working people of all kinds— teachers, vets, and dentists who have important jobs to do. Doctors, nurses, firefighters too, and police officers dressed in blue. What important job do you do? Over the next two weeks, our class will discover many great careers and we will discuss the people who

help our community.

### Motor:

Our community helpers will also appear in our obstacle course. As our bakers must make it along the zig zag path to the oven before dropping the ingredients, our police officers must jump over the wall to help someone, and our firefighters crawl under the flame through the tunnel to safety.

### Concept

Guess the community helper will be played each morning with clues in the estimation jar or tactile bag, the

children will work on seriation of color, size, and number when we are postmasters. Our little scientist's will enjoy weighing different career tools at our science lab.

### Craft & Writing:

Let's get baking! The children will explore their baking skills with some cookie cutters and play-doh. Our class will be introduced the letters Mm and Nn. We will also focus on the colors purple and brown. Let's get creative as we collage using these new colors.
