

PRE-K UPDATE

JAN. 18-22 THEME: HEALTHY KIDS/ DENTIST

Registration Information

Don't forget to request registration forms. 50% off Fall registration fees if you register by February 15th. Don't miss out!!

LANGUAGE ARTS

Ms. Jen will continue to discuss the word families -at and -sd this week. Chef Combo will assist us with healthy eating choices, dropping by at lunch daily to make sure we have a healthy plate. Class discussion will be about the dentist this week, discussing the importance of brushing, flossing and visiting the dentist regularly.

MOTOR

During Motor time we will review body parts using different games. We will review our letters, numbers, shapes and colors while throwing bean bags at our review chart. We will also add stepping blocks to our obstacle course. Drop the toothbrush (like clothespin drop) will surely test eye-hand coordination.

CRAFT AND WRITING

Mrs. Jen will use printing papers to introduce the letters Uu and Vv. The children will begin printing their names on all of their papers daily. If you are practicing at home, please reinforce the only the first letter is capital, the rest is lowercase.

We begin evaluating the children this week. We will complete our fine motor packets. I am sure you will be delighted with our progress!

CONCEPT

This week we will play some great games of number bingo and estimate various objects. To keep on track with our theme, we will be talking about the importance of brushing our teeth. Mrs. Ann will do an experiment using eggs to demonstrate how different foods can stain our teeth.

What's New This Week

Introductions: Uu, Vv,

Bits of Intelligence: Musical Instruments

Vocabulary

Urgent: calling for immediate action or attention

Vigorous: strong, energetic and active in mind or body

Happy Birthday Harper Hecker

January 22nd
