

Kindergarten Knowledge

Week 26 February 8th-12th, 2021
Theme: Mammals & Valentine's Day

Language Arts:

The letters Oo & Pp will be reviewed. The children will continue to work with blends. When helping your child at home, remind them to slide the two letters together as if one letter was at the top of the slide and one was at the bottom.

Math:

We will focus on place value, addition and subtraction, money and fractions. The

children will continue to work on the value of coins. They enjoy counting money. We are wrapping up penny and nickel and will begin counting dimes. Please help them at home with this concept. Simply counting by 5's (nickels) and 10's (dimes) will effectively help the children with this concept.

Social Studies:

We will be discussing Abraham Lincoln this week. We will celebrate his birthday on February 12th.

Science:

We will be discussing mammals this week.
