Language Arts:

All aboard! Over the next two weeks, our class will discover and explore several exciting forms of transportation. We will discuss cars, trains, boats, airplanes, motorcycles and so many more. There's so much fun in store as we learn songs about things that go. We will look closely at transportation picture files and have classroom discussions about them. Which type of transportation is your favorite?

Motor:

The class will have a fun path activity involving our action words. We will also

have a fun game of Red Light, Green Light with our scooters!

Concept

The children will be playing a fun estimating game, called Kookaburra, as they will estimate how many Kookaburra took. We will also continue on working with our positional words involving our theme of transportation. The class will have a fun activity with science, they will guess if the object will sink or float.

Craft and Writing:

New letters Oo and Pp will be added to our papers this week. We will also focus on tracing letters and shapes over the next two weeks. We will have plenty of fun tracing to do. We will also enjoy some water coloring this week.

- **Introductions:**
- **Letters:** Oo & Pp
- **Action Words:** Come, come, Go & go

Start students: Grace
