

Toddler Times

Week 30 March 8-12 Theme: Bugs, Bugs, Bugs

Book of the Week: The Itsy, Bitsy, Spider by Laura Zarrin

This week we will focus on numbers and counting as we sing and march around the room. The number 4 will be introduced through various activities. We will stack and count 4 blocks as we learn to build “up, up, up”. Sesame Street’s Number Stomp will get our little legs moving!

Kitchen toys will provide some dramatic play fun as we pretend to have a picnic inside.

The children are going to love putting their gross motor skills to work on a fun obstacle course. The teachers will lay out multiple tunnels along with our climbing mat. Toddler safe magnifying glasses will be used on our bug hunt outdoors. Do you think we’ll find any yet? We are on the hunt for any signs of Spring!

Welcome to Ms. Ann, our new classroom helper. Ann has met all of the children and is loving her time spent getting to know each and every one.

Spring Color Days – March 18 & 19 Help us celebrate the arrival of Spring by wearing the color BLUE to school on these days.

Spring Break – March 29-April 2 There are no preschool classes during this time, daycare only.
