Junior Journal

©wondercliparts.com

Vocabulary: reflection – an image given back
I can see my reflection in the water.

Introduce: Fable: Jupiter and the Monkey

Moral: What seems beautiful to you,
may not seem beautiful to someone else.

Bits of Intelligence: Musical Instruments

Language Arts

Mrs. Melissa will continue to work on their “A is for Amos” song as two new letters were recently introduced. Reduce, things we will discuss to better help the children understand the overall process of recycling. Mrs. Melissa will read the story This Is Our Earth. We will have fun doing class outside this week to celebrate the Earth.

Concept

10-9-8-7-6-5-4-3-2-1...it’s time to learn to Count backwards! The children have also been counting by 2’s up to ten also. Discussions relate to Earth Day and the many ways nature makes our Earth beautiful. We will be creating a pledge on how we will care for our Earth and keep it clean. The children will also begin to understand the importance of recycling with a sorting activity. Students will also have fun with an outside scavenger hunt.

Craft and Writing

Fun Earth pictures will be created reinforcing our theme this week. The Juniors will play with blue and green Play-Doh for Earth Day.

Motor

Mrs. Hollie has put a new twist on an old favorite this week. She is incorporating the use of beanbags in a game of Simon Says as he gives different directions. For example, put the beanbag on your nose, etc. Mrs. Hollie also has a game called “Don’t be a Little Bug” on the agenda for the week. Relay races will require the children to race to pick up “trash” (images of cans, paper, etc) and place them in the appropriate bin, trash, paper or plastic. The team with the correct assortment of trash wins!!

Dates and Reminders

Moms – if you haven’t already, please send in a picture of yourself at age 3 or 4

Summer Camp begins June 14th
Have you registered yet?

*A very Happy Birthday to John
Driscoll on April 8th*

**HAPPY
BIRTHDAY**
