

Junior Journal

Weeks 38 and 39: May 17-28, 2021 Theme: Insects and Spiders

Language Arts:

The children will be introduced to the characteristics special to insects and spiders. The children will also be introduced to several examples of insects. We'll discuss the importance of insects to nature, as well as their appearance and body structure. The children will also enjoy songs and stories, and continue reviewing the entire alphabet. *Please bring in any pictures of insects or spiders for a collage.

Concept:

Numbers and bugs will take over the classroom! The children will continue to develop their counting skills. For our estimating activity, the children will

focus on distance. Bugs will be crawling around the classroom. The children will see all different types of insects, and we will use them in various activities. Lastly, we'll compare and contrast a spider and an insect.

Motor:

Indoors, we'll be crawling and flying like insects. Outdoors, we'll be running, jumping, and playing with the real insects.

Craft and Writing: Our readiness papers have us tracing the letters Aa-Zz. Look for pictures of several bugs to be decorating our walls, and crawling their way into your homes!

Happy Birthday!!!
