### Language Arts:

Ladybugs, butterflies, and spiders oh my! Our class will discuss many different types of arachnids and insects that we can find living outside. As we learn about spiders, we will discuss the many different types of webs. Our featured finger plays this week are "The Beehive", "The Fuzzy Little Caterpillar" and "Pretty Butterfly".

### Motor:

The class will continue to work on hand eye coordination through bean bag toss and ball bouncing activities. We will also continue to enjoy our playground.

### Concept:

Creepy crawly creatures will be sorted by color, size, and type of bug. The class will also work on completing patterns with bugs. The children will be enjoying the next two weeks watching our

ladybugs go through the stages, from larvae, pupa and adult ladybug stage.

### Craft and Writing:

Our little love bugs will be busy focusing on tracing our names and using scissors to make cuts. As we learn about insects, we will water color butterflies and sponge paint caterpillars and ladybugs. We will also be introduced to the letters Yy and Zz.

- **Introduction:**
- **Letters:** Uu & Vv
- **Story:** #5
- **Fable #9**
- **Spinnerets:** Glad that manufacture and spin silk.
- **Spider lings:** Baby spiders
- **Review**
- **All that we have learned so far**

Happy Birthday

Ophelia L.

5/11
