

# Junior Journal

May 10-21 Weeks 39 & 40

Theme: Old Favorites

**Craft and Writing:** This week will be filled with lots of fun fine motor activities. Ms. Celia will have our Junior artists painting outside and playing with colorful shaving cream. Also, we continue to work on our fine motor evaluation packets.

**Concept:** The next two weeks are all about fun!! Mrs. Hollie will bring back some old favorites such as dinosaurs, building blocks and fun science experiments. We can't wait to roll up our sleeves and have some fun!

**Language Arts:** With only a few weeks left in Ms. Celia's room, she is ready to delight the children with lots of old favorite fingerplays like "Five Little Monkeys" and "Squiggly Fish". If the weather permits, she will bring the students outdoors for story time and songs.

**Motor:** Mrs. Hollie knows what her students like, outside motor class!! With the weather getting warmer she will bring the parachute outside and will add in Duck, Duck, Goose. Other old favorites include stations of scooter races, relay races, the tunnel and chase the bubbles outside.
