Concept/Motor

How many poles will it take to construct a tent made by the students? How many bugs can we catch in our classroom or on the play ground? Camping takes a lot of movements and counting to accomplish the end result.

Language Arts

The children will be going on a camping adventure this week. They have to "pack their backpack" and enjoy "camping" in our dramatic play area while singing songs.

Art

The children will enjoy different modes of creating art this week. Bug jars, canteens, and tent scenes will be a few they create.
