Nursery News  
July 26<sup>th</sup> - 30<sup>th</sup>, 2021

**Theme:**  
Construction

**Monday: Science**

Today, we will be making our own cement by using black paint, water and flour!

**Tuesday: Technology**

Today, we will be watching a video on the different types of machines that construction workers might use!

**Wednesday: Engineering**

Today, we will be building different buildings using blocks and Legos!

**Thursday: Art**

During the week, we will be creating different art projects that have to do with our theme!

**Friday: Math**

Today, we will be reviewing our numbers by counting how many Legos it takes to make a building!

**Language:**

Since our theme this week is construction, we will be incorporating books on construction during the week!

**Motor:**

We are going to build our own obstacle course this week!

**Concept:**

Since our theme is construction this week, we will be reviewing our numbers during the week!

Let's have a great week!  
Miss Erin!
