July 5 - 9, 2021

**Theme:**  
Summer Safari

Buckle up and enjoy the fun in learning about our new summer theme Summer Safari. We will be learning about different safari animals and their interesting facts. If you have any books to go along with our theme, please bring them in labeled with your child's name.

**Monday: School Closed**

**Tuesday: Science**  
**Matching Animals to Footprints**

We will be talking about different safari animals and the footprints they leave behind. After we talk about the animals and their footprints, we will have the kiddos color, cut and match the footprints to the correct safari animal, and put it together to make a booklet.

**Wednesday: Engineering**  
**Paper Towel Races**

For this activity, we will have the kiddos color paper towel rolls in 5 groups. Then we will race our plain paper towel rolls against our groups painted paper towel roll. Will the plain or painted rolls win?

**Thursday: Art**  
**Animal Handprints**

Today, we will get creative and make our own safari animal handprints. To do this, we will have the kiddos pick which animal they want, a monkey, hippo or tiger. When done we will display these on the art board.

**Friday: Math**  
**Safari Math Game**

For our math activity, we will be playing the Safari Math Game. To do this we will have each child roll dice and each number represents an action that a safari animal does. The kiddos will then act out the actions of that safari animal.

Have a great week!  
Mrs. Jen & Mrs. Nina
